Subject: 200 Prospect Ave - New Drive-Through Use - DPW Director Approval

Good afternoon Mike,

I hope this message finds you well.

We have an application for a Special Permit for a new drive-through use (Dunkin Donuts) at 200 Prospect Avenue going through the Planning & Zoning Commission on 5/11/21. Per section 3.5.2.A of the zoning regs we need approval or approval with conditions from the director of the department of public works as part of the staff report.

I've attached the plans for your use. When you or your delegate have a response please reach back out to me.

I appreciate your time,

Paul Ashworth
